Summary

As a second-year Cybersecurity student at Middlesex University Mauritius, I have gained solid experience in Python, Javascript, C, HTML and CSS, developing both technical and problem-solving skills. I am a fast learner with a passion for expanding my knowledge in cybersecurity and development. With strong communication abilities, I excel in collaborating with others and conveying complex information clearly. I am eager to apply my skills in a professional setting, contribute to innovative projects, and continue growing within the field.

Education

Cybersecurity and Digital forensics   2023-2026
Middlesex University Mauritius

Higher School Certificate   2020-2022
Sir Lekraz Teelock State Secondary School

Experience

Trainee   June 2024-August 2024
Blink by Emtel

During my internship, I worked on website auditing, SEO and development using Google Lighthouse, HTML, CSS, JavaScript, and APIs. I also learned event organization and gained insights into the corporate world, improving my communication and project management skills. This experience helped me adapt quickly and contribute effectively in a professional environment.

Sales Coffee Specialist   April 2023-June 2023
Nespresso

As a sales coffee specialist, I developed strong communication and sales skills while interacting with customers and promoting products. This role enhanced my time management, problem-solving, and customer service abilities, as I balanced multiple tasks in a fast-paced environment. It also taught me how to work efficiently under pressure and deliver a positive customer experience.
